

The Peter Croker & L.A.B. Golf Putting Experience

WORKSHOP DATE: September 15, 2019 COST: \$199.00

Join Peter Croker and Leigh Deagan for an exclusive putting experience. During a 4-hour session you will discover how L.A.B. Golf Putters are revolutionising putting and help you to improve your putting.

The experience will include:

- Part 1 Introduction to L.A.B. Golf technology
- Part 2 Individual analysis using SAM PUTT LAB and CAPTO technology with your putter with further testing to explore and find you the optimal putter for your stroke
- Part 3 Outdoor putting analysis using CAPTO technology to test the putters in a real environment with putting advice from Peter Croker
- Part 4 Customized coaching to establish each student's best grip, stance, and stroke
- Part 5 Green Reading using Vector Green Reading, the Laws of Accuracy, including special green reading drills

Product of the Putting Workshop

1. Ability to compress the putt and learn distance control
2. Each Student will have their exact and scientifically tested "Putter Fitting" Specifications
3. Each student will leave with an ability to read greens for slope and speed
4. Each student will leave with their specifically tailored Drills for Putting Improvement
